

## The Humber Opportunities

### CatZero, Hull, Grimsby and Immingham

#### **About CatZero:**

CatZero is a registered charity designed to develop and deliver specialist programmes to meet the needs of children, young people, their families and the local community.

CatZero specialise in developing bespoke programmes to meet specific needs, this is undertaken by working with and in partnership with funding bodies, delivery partners including statutory services, local businesses and the young people themselves as well as the local community.

We are currently about to start a new exciting project working alongside Job Centre Plus for 18 to 25 year olds, with an aim of combating long term unemployment needs of children, young people, their families and the local community.

If you want to know more visit the CATZERO website: [www.catzero.org](http://www.catzero.org)

#### **Community 10,000 Volunteer Opportunities:**

CatZero is very flexible about what DWP volunteers can do and are happy to discuss individual requests to make sure everyone benefits from a day there. Current suggestions for the types of volunteering days for DWP volunteers are:

- Being an assessor at one of their introduction events. Volunteers would assess the young people in terms of how well they are engaged and how they are performing and interacting with others.
- Joining an engagement session – this could be anything from kayaking to orienteering to spending a day on their 72ft yacht.
- Helping with a classroom activity such as a Health & Safety or Food Safety and Catering course.

## TCV HUMBER AND EAST YORKSHIRE

### **About The Conservation Volunteers**

The Conservation Volunteers have been reclaiming green places since 1959.

Right now, when one third of the UK's green places are in danger of being lost or degraded, our work is more important than ever.

The everyday green places that people use are especially vulnerable. 10,000 playing fields were sold off between 1979 and 1997. And only 10% of the UK's allotments remain. Places like these do not have special protection. They are all under threat at a time when local councils are cutting budgets.

If you want to know more visit The Conservation Volunteers website:

[www.tcv.org.uk](http://www.tcv.org.uk)

### **Volunteer Opportunities**

The opportunities vary but are always outdoor-based, and there are a number of activities available around the Humber area. The activities are normally for teams of up to 6 people, but BTCV are willing to discuss opportunities for slightly larger teams.

## HUMBER INDUSTRY NATURE CONSERVATION ASSOCIATION (INCA)

About Humber INCA:

Humber INCA is:

- A forum for industry, regulators, planners and conservation organisations building a consensus on the integration of business development and nature conservation benefiting the region's economy, community and environment.
- A partnership with industry and business on the Humber developing, implementing and demonstrating practical ways of integrating nature conservation into commercial operations.
- Supporting sustainable development in the Humber Region.
- If you want to know more about Humber INCA, their website is at:

<http://www.humberinca.co.uk/introduction.php><sup>web</sup>

### **Volunteer Opportunities**

The opportunities vary but are always outdoor-based, and there have been a number of activities arranged around the Humber area. The activities are for teams of 3 or more; depending on the activity. All of the activities are designed as one day experiences; so volunteers can see the results of their work.
