What is Civil Service Local?

Civil Service Local is a cross-departmental initiative to promote and deliver greater collaborative working and reform at a local level.

Our role is to improve the culture, identity and brand of the Civil Service; we do this by identifying, developing and delivering initiatives that result in:

- **Better opportunities** for staff
- **Better services** for the public
- **Better value** for money

Primary Schools Programme

An innovative and fun programme that engages with the local school community, helping primary school children to learn more about work.

The programme aims to promote a positive view of work.

What is the Primary Schools Programme?

Our “Inspiring Our Young People” projects deliver a package of interventions at different stages in education to promote employment, develop skills and encourage the aspirations of students in the North East.

We combine volunteering opportunities with our drive to improve young people’s prospects for employment and hope to foster a positive attitude towards the benefits of
