NORTH EAST, YORKSHIRE AND THE HUMBER

Talent Management Programme for Administrative Grades 2015-16

Are you looking at ways to develop your competencies? Would you like to learn alongside colleagues from other Civil Service departments? Then this could be the opportunity for you.

Following the success of our previous Talent Management and Academy Programmes, CS Local NEYH is planning a new programme for 2015-16.

One of the priorities in the The Civil Service Capability Plan is to develop competency in leading and managing change. This programme is designed to help develop a range of competencies required to become managers and leaders of the future.

Previous Academy and Talent Management Participants

During the year long programme you will participate in four action learning modules covering **Collaborating and Partnering, Changing and Improving, Communicating and Leading, Building Capability**. You will work with a group of civil servants from other departments to develop and take part in a project on a theme from the Civil Service Reform Plan. You will receive support from a mentor from another department throughout the programme to help you make the most of your learning.

We would like to encourage applications from across as many departments as possible. If you're interested in finding out more for you or colleagues in your team please sign up [here](#) and keep an eye on future blog

Civil Service Local is committed to ensuring that wherever possible our events are accessible to all participants. If you have any specific requirements please let us know and we will endeavour to make any reasonable adjustments.

Civil Service Local **better opportunities** for civil servants, **better services** for the public, **better value** for money
