

# CS Local North West People Connections Programme

## Secondment Opportunities with Environment Agency

The Environment Agency works to create better places for people and wildlife, and supports sustainable development. They are looking for good people managers who can work in a fast changing environment and can direct and motivate their people to deliver. We have 3 short-term secondment opportunities available for substantive HOs or EOs suitable for promotion.

### **Position 1: Sampling & Collection Team Leader – Preston - 3-6 months**

The Sampling and Collection Team is a small team (4-5 people) who work mainly outdoors collecting all of the river samples and biology samples to support their monitoring programmes. The Team Leader will be responsible for managing the health and safety associated with this team eg working in water, using vehicles and equipment and managing staff who are remote and not often in the office.

### **Position 2: Land and Water Team Leader – Penrith – 6-12 months**

This is a regulatory team of (6-8 people) who look after the water environment. The officers will be out a lot working with farmers and industry to improve the water environment. This team investigate pollution incidents and take regulatory enforcement action. There will be similar health and safety issues as above for the Team Leader to manage ie working near water, hostile persons and delivery against European Directives/KPIs etc

### **Position 3: Asset Performance Team Leader – Penrith – 12 months**

This team (approx. 10 people) is on the Flood risk side of the business and is mainly about ensuring our flood assets perform. The Team leader role involves managing projects, working closely with Field Operations teams who carry out maintenance of river banks and flood defences. It's a very busy team, currently working in a highly political arena with media and ministerial interest in flooding, particularly in Cumbria.

If you're interested in any of the above opportunities, please:

- discuss this with your Line Manager to agree developmental objectives
- complete an Expression of Interest form and submit to [jo.nunnerley@hmrc.gsi.gov.uk](mailto:jo.nunnerley@hmrc.gsi.gov.uk)
