I am also looking for ambassadors to support in each classroom.

Are you interested in hosting a Sector Tour Bus Event?

I arrange site visits to your place of work (for approx 15 students) to raise job awareness and to help students better understand your sector, your organisation and job roles.

Overview (this is flexible)

- Site tour
- Brief overview of your organisation and job roles within
- Meeting and working with staff across the business

- Students to participate in interactive activities

Aim

To allow students to:

- Better understand the work you do
- 'Have a go'
- Rule-in or rule-out your sector - avoiding students wasting their time in signing-up for courses then dropping out and becoming NEET (not in education, employment or training)
- Help prepare students for the world of work
- Engage and enthuse about their future

Examples:

Newcastle College delivered a fantastic interactive day to students who were interested in working in the World of Care. The students were afforded the opportunity to work with staff on their mock hospital ward and in their Early Years Unit.

HMRC delivered a fantastic interactive day to students who were interested in becoming a Civil Servant. During the morning session the students worked with HMRC Apprentices to better understand the digital world. After lunch we spent the afternoon with International Case Workers.

Northumberland Fire & Rescue Service delivered a fantastic interactive morning to students who were interested in working in the Uniformed Services. In the afternoon we visited the Army where the students had fun practising their communication skills using the communication equipment used by today's soldiers

If you are interested or would like to discuss the possibility of hosting a Sector Tour Bus, please contact Carole Richards for more information at:
